

URSI GASS 2021

28 AUGUST – 4 SEPTEMBER

SAPIENZA FACULTY OF ENGINEERING, ROME, ITALY

Rome, May 2021

Dear President, Magnificent Rector,

The XXXIV General Assembly and Scientific Symposium (GASS, www.ursi2021.org) of the International Union of Radio Science (Union Radio Scientifique Internationale - URSI) will be held at Sapienza University of Rome, Faculty of Civil and Industrial Engineering, and will be a hybrid event (permitting both on-site and online) to overcome the difficulties posed by the COVID19 pandemic. The possibility of on-site and online attendance stimulated a huge participation of the radio science community from all over the world and more than 1700 submissions have been received.

Research areas related to radio science and their impact on modern technologies are well-consolidated within URSI and in constant progress. Outstanding examples of interest for many institutions and industries involve radiofrequency and microwave communications, antennas, remote sensing applications, electromagnetic compatibility, electromagnetic metrology, ionospheric radio-propagation, radioastronomy, quantum electronics up to bio-medical applications.

The scientific program of the GASS2021, organized around the ten URSI Commissions (<https://www.ursi2021.org/program/>), includes scientific sessions, plenary and public lectures, tutorials, workshops, short courses, a special programme for young scientists (<https://www.ursi2021.org/young-scientists/>), and a student paper competition (<https://www.ursi2021.org/grants-award/>). In order to facilitate the attendance (on-site or online) of young scientists at GASS2021, as usual URSI will partially contribute for registration, lodging and travel expenditures of young scientists.

Therefore, **we would be very grateful to you and your Organization if you can consider the possibility to act as Academic Sponsor for contributing to the success of the GASS2021.**

The list of the available *sponsor opportunities* is attached here for your convenience. For example, in the case of the “Bronze Package”, the Logo of your Organization will be shown on the GASS2021 web page dedicated to the Sponsors, on the conference virtual platform, on the published final program, and on onsite banners.

For further details on sponsor opportunities, please visit the web page: www.ursi2021.org/sponsors-exhibition/.

Inside the same web page (www.ursi2021.org/sponsors-exhibition/) you will find suitable information on how to proceed regarding the *sponsor reservation form* (as a reference, the document is attached to this message too).

Thanking for your attention and hoping in your positive reply,

Kind regards,

Prof. Guglielmo d’Inzeo (Guglielmo.dinzeo@uniroma1.it), Chair of the URSI GASS 2021 Organizing Committee

Prof. Carlo Carobbi (carlo.carobbi@unifi.it), President of the Italian National Committee of URSI

U.R.S.I. INTERNATIONAL

Italian National
Committee
